

## GREAT CHARACTERS IN KENDALL DRAMA

Football Stars Become  
Thespians in "The Ar-  
rival of Kitty."

JOHN YOUNG BLACK

Star of Gridiron Essays a  
Negro Role; Said to Be  
Scream.

"The Arrival of Kitty," which Ken-  
dall collects is to present at the Grand  
on March 7, is certainly as good an  
example of character study as will be  
seen at the Grand this season. The  
part of William Winkler, which is  
carried by "Tubbs" Leckley, the star  
tackle of Kendall's football team, is  
a keen satire on the modern business-  
man, a pompous, self-satisfied mag-  
nate "from the city." A man whose  
conception of the world and all those  
in it is that he must be obeyed by all,  
he is the one person whose word is  
final. This hard headed, egotistical  
old gentleman is made the object of  
ridicule and his cherished plans are  
calmly grained upon by those he ac-  
cuses and he in his humiliation is  
prevented by circumstances from re-  
taliation.

Leckley makes this character a rich  
study and his histrionic ability is well  
demonstrated by his depiction of the  
part.

The part of the actress Kitty is an

### Household Economy

How to Have the Best Cough  
Remedy and Save \$2 by  
Making It at Home

Cough medicines, as a rule contain a  
large quantity of plain syrup. A pint of  
granulated sugar with 1/2 pint of warm  
water, stirred for 2 minutes, gives you  
as good syrup as money can buy.

Then get from your druggist 2 1/2 ounces  
Pinex (50 cents worth), pour into a pint  
bottle and fill the bottle with sugar  
syrup. This gives you at a cost of only  
64 cents, a full pint of really better cough  
syrup than you could buy ready made for  
\$2.50—a clear saving of nearly \$2. Full  
directions with Pinex. It keeps perfectly  
and tastes good.

It takes hold of the usual cough or  
chest cold at once and conquers it in 24  
hours. Splendid for whooping cough,  
bronchitis and winter coughs.

It's truly astonishing how quickly it  
loosens the dry, hoarse or tight cough  
and heals and soothes the inflamed mem-  
branes in the case of a painful cough.  
It also stops the formation of phlegm in  
the throat and bronchial tubes, thus end-  
ing the persistent loose cough.

Pinex is a highly concentrated com-  
pound of genuine Norway pine extract,  
combined with guaiaecol, and has been  
used for generations to heal inflamed  
membranes of the throat and chest.

To avoid disappointment, ask your  
druggist for "Pinex," and don't accept  
anything else. A guarantee of  
absolute satisfaction, or money prompt-  
ly refunded, goes with this preparation.

## MEAT CAUSE OF KIDNEY TROUBLE

TAKE SALTS TO FLUSH KIDNEYS  
IF BACK HURTS OR BLAD-  
DER BOthers.

If you must have your meat every  
day, eat it, but flush your kidneys  
with salts occasionally, says a noted  
authority who tells us that meat  
forms uric acid which almost par-  
alyzes the kidneys in their efforts to  
expel it from the blood. They be-  
come sluggish and weaken, then you  
suffer with a dull misery in the kid-  
ney region, sharp pains in the back  
or sick headache, dizziness, your  
stomach sours, tongue is coated and  
when the weather is bad you have  
rheumatic twinges. The urine gets  
cloudy, full of sediment, the chan-  
nels often get sore and irritated,  
obliging you to seek relief two or  
three times during the night.

To neutralize these irritating acids,  
to cleanse the kidneys and flush out  
the body's urinous waste get four  
ounces of Jad Salts from any phar-  
macy here; take a tablespoonful in  
a glass of water before breakfast for  
a few days and your kidneys will  
then act fine. This famous salts is  
made from the acid of grapes and  
lemon juice, combined with lithia,  
and has been used for generations to  
flush and stimulate sluggish kidneys,  
also to neutralize the acids in urine,  
so it no longer irritates, thus ending  
bladder weakness.

Jad's Salts is inexpensive; cannot  
injure, and makes a delightful efferves-  
cent lithia-water drink.—Adv.

### NOW NEWSPAPERMEN ARE BLAMED FOR THE FORD FAILURE

CHICAGO, Feb. 28.—Jenkin  
Lloyd Jones, member of the  
Ford peace party and pastor of  
a Chicago church, who returned  
home today, said:

"The trip was a success, but  
the newspapermen spoiled it  
all."

"I've come home to fight," he  
said. "From now on, it's war—  
war on preparedness. All of our  
people are wrong—crazy. We  
want an international police  
force to keep one country from  
striking at the other country."

other part with great possibilities for  
technical ability. Miss Handley, who  
portrays this character, lives up to the  
reputation she established last year in  
"Halfback Sandy," which will be re-  
membered as Kendall's phenomenal  
dramatic success.

This part is that of a dashing  
actress, who through her various "at-  
tours," is led into a turmoil of hap-  
penings which rack the pillars of so-  
ciety with laughter. Miss Handley is  
undoubtedly as clever an actress as  
many who are heralded as stars, and  
under the skilled instruction of Miss  
Margaret Wyndham, director of the  
expression department at Kendall, she  
has fair to achieve great success.

John Young, the famous Kendall  
quarterback and captain-elect of next  
year's football team, has invaded  
other fields and is assuming a star  
part. "Johann," as his teammates  
call him, is carrying the part of  
"Sam," the colored porter, who is at  
the bottom of the whole catastrophe  
which takes place at "The Halcyn  
House," a summer resort hotel in the  
Catskills.

Far from being the ordinary low  
comedy part usually used to such a  
character, this conception of the  
"poh-tah" is a classic in its rich de-  
velopment of technique.

Young showed his star ability to  
handle such a part in the success of  
last year, "Halfback Sandy," and the  
most exacting critic could ask no  
more than this for a recommendation.

### GRAND.

"On Trial."

It has been suggested that no  
dramatist would have dared to play  
tricks with an audience as is done in  
"On Trial" and that the motion pic-  
ture play which shifts its scenes here  
and there and everywhere gave Mr.  
Reizenstein his idea. Be that as it  
may, the fact remains that "On Trial"  
is the most tremendous play sensa-  
tion the American stage has seen in  
years.

In order to understand the success  
of "On Trial" it is necessary to be told  
something of its mechanical clever-  
ness and its structural unusualness.  
The main story deals with a murder  
trial wherein the jury is put in pos-  
session of the facts leading up to the  
crime. The circumstantial evidence  
is marshalled before the jury and at  
the same time before the audience.

Witnesses are called into the box and  
in the midst of their evidence one by  
one the scenes are changed, and the  
story they are telling to the jurors is  
enacted before the audience. The  
dead man's widow, who was present  
when the crime was committed, starts  
to tell her story; suddenly the thea-  
ter is plunged in darkness, and in the  
twinkling of an eye the lights go up  
and the story of the murder and ac-  
cused crime is enacted on the trans-  
formed stage. This occurs not once  
but a number of times until the wit-  
nesses have become exhausted.

At the Grand theater Monday,  
March 6.

### HEALED BY CUTICURA SOAP AND OINTMENT

"My little girl had eczema on her face so  
badly that her forehead and all across her  
nose was a shield of scales and her eye was  
closed. It came in clear blisters  
which would spread and  
itch and burn causing her to  
scratch. She would cry and  
lie awake and keep me awake

cross."

helped her, so I got one cake

## E. E. OBERHOLTZER BACK FROM DETROIT

New Ideas May Be Put Into  
Effect in the Tulsa  
Schools.

### SCHOOL IS CROWDED

Much Is Expected of Prin-  
ciples' Meeting This  
Afternoon.

E. E. Oberholtzer, superintendent  
of city schools, returned Sunday from  
Detroit, where he attended the na-  
tional meeting of superintendents.  
Mr. Oberholtzer reports a highly val-  
uable program and probably will put  
some of the new ideas into practice  
in this city.

Two of the most important themes  
of the convention were those of sur-  
vey work and the junior high school,  
the latter being made up of what are  
now the seventh, eighth and ninth  
grades. The former movement has  
been carried on in Tulsa for some  
time and will be completed this  
spring, to be made a part of Super-  
intendent Oberholtzer's biennial re-  
port.

The junior high school proposition  
is one which is attracting devotees all  
over the country and there is scarcely  
a modern system that has not given it  
consideration. Mr. Oberholtzer,  
after hearing the entire question laid  
out by leading educationalists of the  
world, is of the opinion that the plan  
is not applicable to Tulsa's conditions.

Crowded Conditions.

A somewhat related system will be  
followed next fall on account of the  
crowded conditions of the high  
school. The high school has now  
reached the point where it cannot  
take care of another immigration  
from the grade schools and at the be-  
ginning of the next semester all pu-  
pils who graduate from the eighth  
grade will be kept at the ward school  
for a year or until such time as the  
new high school building is com-  
pleted. Regular high school work  
will be provided.

Mr. Oberholtzer immediately sent  
out a call for a principals' meeting to  
be held this afternoon at which time  
dates and preliminary arrangements  
will be made for the annual exhibit  
of the city schools and May day cele-  
bration. These two things are the  
leading occasions of the school year  
and will take much time for prepara-  
tion.
